### **Information**

#### **Department of Defense**

Designation of Cognizant Security Office (CSO). Each CSA: DoD; DOE; NRC; and CIA, will designate the CSO for contracts issued. A CSA may designate any CSO to function on its behalf. All relationships between the GCA and the contractor on industrial security matters shall be handled through, or in coordination with, the CSO, except those matters specifically set forth in this Manual as responsibilities of the GCA. The Assistant Secretary of Defense for Command, Control, Communications and Intelligence and the Under Secretary of Defense for Policy are responsible for development and approval of security policy for DoD under the National Industrial Security Program. Administration of DoD industrial security has been assigned to the Director, Defense Investigative Service (DIS), except as specified in the NISPOMSUP. The Director, DIS has delegated industrial security program administration to the Deputy Director (Industrial Security) Headquarters, Defense Investigative Service.

The Regional Directors of DIS are responsible for administration of DoD industrial security within their respective regions. The office of the Director of Industrial Security in each of the DIS Regions is designated as the CSO for all DoD contractor facilities located within its region. The management of each facility that has been assigned to one of the DIS Regions for security cognizance will be notified in writing by the CSO. All facility clearances shall be granted by the CSO.
